Trail Report

All Washburn County ATV trails are open at this time. Beginning in December, club crews will be out inspecting snowmobile trails clearing downed trees, summer brush overgrowth, etc, in preparation for winter grooming. Much work has been completed on trail 140W including a minor reroute so that this trail will be open again this year. Let's hope that everyone is a good conscientious rider this year staying on the trails respecting the private property so that we don't lose this trail permanently. As always, the up to the minute trail conditions can be seen at the following link which is also on our website.
