**Trail Report**

The lack of snow has given us the opportunity to do a lot of brushing on our snow trails. We'd rather be grooming snow by now of course, but at least we are getting some much needed brushing done so that when the snow does come, our trails will be in awesome shape. Let's hope 2019 is a snowy one!!!!

## New Washburn County Trail Map

It's done !!! The *new map* committee, chaired by Randy King, worked tirelessly over the last 12 months in order to produce the new trail map which now shows ATV trails and routes as well as snowmobile trails throughout the county. We collaborated with the Minong Trails club in developing this map. The map is larger, made with better paper and uses bright colors and crisp fonts. Our sponsor ads are much more vibrant and eye catching. Thanks to White Birch printing for helping with the layout, doing the actual printing and then delivering on our aggressive schedule.

The next time that you are out, be sure to pick one up at one of our generous sponsors. In the mean time you can check out the map by clicking on the Washburn County Trail Map link on our website, or simply clicking [here](#).

## Please patronize our sponsors

Our new map has generated a lot of excitement from our map-ad sponsors. We all feel that the new map will prove to be an effective advertising tool for them. As a member of our club, please consider our club sponsors when going out to eat or drink. When going to the hardware store or to buy groceries, think of them. When having out of town guests, steer them to our sponsors for accommodations. When shopping for a new machine, be sure to consider our sponsor dealers. When visiting our sponsors throw them a “Thanks for sponsoring our club” comment. It's a win/win.

A convenient list of all of our sponsors organized by category can be found by clicking on the “Sponsors” link at the top of our [club website](#). Then clicking on any sponsor name would take you to their web page. You can also click [here](#) for the sponsor list.
